Dear Ben,

Thank you for the wonderful and prompt service you have provided for New Hope Center. Not only are we pleased with the computers and equipment we've purchased from you but your help with all the technical questions has been a "life saver"!

In an office of people untrained on computers and their abilities, your knowledge is invaluable! In other words, thanks for not doubling over in laughter with some of the questions you've had to answer for us!

We look forward to a long relationship with you and NKOL.

Sincerely,

Pam Glenn
